AGRAMI
WHERE PURITY BEGINS

AGRAMI
WHERE PURITY BEGINS

- **A** → Agriculture & natural origins
- **Leaves** → Nature & growth
- **Golden drop** → Purity & nourishment
- **Field lines** → Farm-to-kitchen journey

INDUSTRY ANALYSIS

Parameter	GHEE	EDIBLE OIL	HONEY
Market Size / Production	₹3,774.5 BN India market size, 2025	40.99 MT Oilseed production, 2025–26	152,000 MT Honey production, 2024–25
Growth / Trend	7.7% CAGR	56.25% import dependence	114,570 MT exports FY26
Category Nature	Large branded dairy category	Mass everyday-use category	Smaller, provenance-led category

COMPETITORS ANALYSIS

Category	Mass / Mainstream Competitors	Premium Natural Competitors	Specialist / Provenance Competitors	AGRAMI Target Price
Ghee	Amul, Mother Dairy, Patanjali	Gowardhan, Aashirvaad Svasti, Sri Sri Tattva	Anveshan, Rosier, A2/Bilona brands	₹1,199/L
Mustard Oil	Fortune, Dhara, Freedom	Organic Tattva, Conscious Food	Anveshan	₹449/L
Sesame Oil	Idhayam, Fortune	Organic Tattva, Conscious Food	Anveshan	₹649/L
Honey	Dabur, Patanjali	Nature's Nectar, 24 Mantra Organic	Conscious Food, NMR/traceability-led brands	₹699/kg

Across categories, competitors already own scale, heritage, organic cues or specialist credentials.
AGRAMI's opportunity is to combine source transparency + process proof + accessible premium pricing under one trust-led brand.

PRIMARY RESEARCH | n=63

Motive: Understand what makes consumers choose, trust and try a new food brand

VIEW SURVEY FORM →

AGRAMI
WHERE PURITY BEGINS

QUESTION	KEY RESPONSE	AGRAMI TAKEAWAY
Who decides the purchase?	77.8% not sole decision-makers	Win the household
What matters most?	77.8% Quality / Purity	Own purity
Where do they discover brands?	34.9% Stores , 30.2% Social	Be visible
What makes them try?	74.6% Reviews / Recommendations	Build trust
What catches attention on pack?	38.1% Brand & credibility	Show proof
Where do they buy?	79.4% Offline	Win the shelf
Which brands are used?	Amul • Fortune • Dabur • Patanjali • Saffola	Differentiate

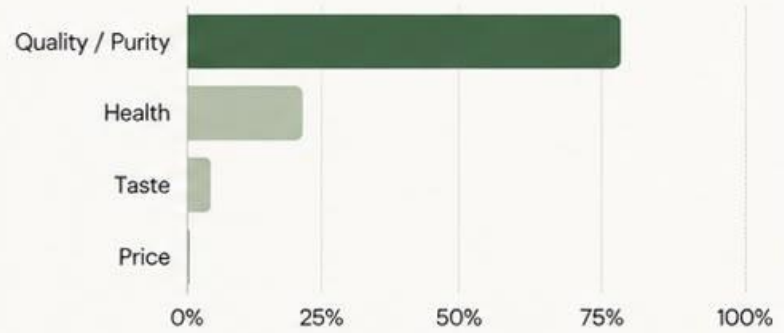

AGRAMI OPPORTUNITY
MAKE PURITY BELIEVABLE

Build credibility online → prove it on pack → convert at the shelf.

WHAT MATTERS MOST?

Purchase priority

Quality/purity is the dominant stated purchase factor.

WHAT DRIVES TRIAL?

Trial triggers

Recommendations and reviews together account for 74.6% of responses.

SEGMENTATION & TARGETING

Who We're Built For

Real food.
Rooted in trust.

AGRAMI
WHERE PURITY BEGINS

DEMOGRAPHIC

28–45 Years

Primarily women who lead household grocery decisions; men form a secondary buying audience.

GEOGRAPHIC

Urban / Metro & Tier-1

Delhi NCR is the proposed first test market, pending distribution and logistics validation.

BEHAVIOURAL

Grocery Decision-Makers

Buys 1 litre ghee packs; shops kirana first, with marketplaces and quick commerce in support.

PSYCHOGRAPHIC

Purity & Trust Conscious

Wants evidence over adjectives — proof of source and process before paying a premium.

TARGET PERSONA

The Trust-Seeking Urban Family Buyer

Women 28–45

Delhi NCR (proposed)

Buys 1L ghee packs

Needs proof before switching brands

Prove Purity. Not Just Promise It.

Farmer-first kitchen essentials built on transparency, quality & trust.

Real food.
Rooted in trust.

INFLUENCER, CAMPAIGN & PR STRATEGY

REAL CREATORS. REAL CONVERSATIONS. A STRONGER AGRAMI.

AGRAMI
WHERE PURITY BEGINS

INFLUENCER STRATEGY

1. **Focus on nano creators** (1K – 10K followers) for authentic and relatable content.
2. **Prioritise food, home-cooking and lifestyle creators** with a local and relevant audience.
3. **Leverage local food pages and community creators** for wider reach without high costs.

EXAMPLE NANO CREATORS WE CAN COLLABORATE WITH

Creator	Handle	Followers	City	Content Focus
Aishwarya	@food.insania	9.6K	Delhi	Food & lifestyle
The Foodie People	@explorewithsup	9K	Delhi	Food discovery
Food & Lifestyle	@foodwithbliss	10K	Delhi	Recipes & lifestyle
Ambika Sagar	@tastybite662	5.3K	Delhi	Home cooking

PR & COMMUNITY PLAN

MEDIA OUTREACH

- Stories around clean food & sourcing
- Features in food & lifestyle platforms
- Collaborations with nutritionists / experts

COMMUNITY INITIATIVES

- #MyAgramiKitchen
- Recipe challenges
- Q&A with creators
- UGC reposts

ON-GROUND / OFFLINE

- Tasting events
- Local pop-ups
- Tie-ups with neighbourhood food communities

GOOD FOOD BRINGS PEOPLE TOGETHER.

TWO-MONTH CONTENT CALENDAR

LAUNCH HARD FOR TEN DAYS, THEN MOVE INTO A WEEKLY RHYTHM

AGRAMI
WHERE PURITY BEGINS

DAYS 1-10: LAUNCH SEQUENCE

Day	Format	Topic	Pillar	CTA
1	Static	Hello, We Are AGRAMI	Brand introduction	Follow
2	Carousel	Meet Ghee, Honey and Oils	Know Your Food	Explore
3	Static	It Starts at the Source	From Farm to You	Know the source
4	Carousel	What Does Purity Mean	Purity You Can See	Share your view
5	Carousel	Honey Has More Than One Story	Know Your Food	Choose a variety
6	Reel	Where Does Your Food Come From	From Farm to You	Follow the journey
7	Static	Before There Was a Jar	From Farm to You	Meet the source
8	Carousel	Which Oil Fits Your Kitchen	Know Your Food	Comment
9	Static	One Brand, Three Staples	The Agrami Kitchen	Discover
10	Reel	Some Recipes Stay With Us	The Agrami Kitchen	Save

WEEKS 3-8: WEEKLY RHYTHM

Period	Primary focus	Cadence
Week 3	Ghee 101 and Meet the Source	3 posts, 2-3 Stories
Week 4	Honey education and family recipe	3 posts, 2-3 Stories
Week 5	Oil education and creator kitchen	3 posts, 2-3 Stories
Week 6	Food facts, tradition and reviews	3 posts, 2-3 Stories
Week 7	Farm to jar, creator routine, availability	3 posts, 2-3 Stories
Week 8	Learnings, community recipes, portfolio	3 posts, 2-3 Stories

WEEKLY MIX

1. One education post
2. One human or recipe Reel
3. One trust or availability post
4. Story responses become research for the next cycle

→ Every post has one job and one action. Nothing is published without an approved claim and an accurate way to buy.

META ADS & PERFORMANCE MEASUREMENT

VALIDATE AT ₹0, THEN PAY ONLY WHEN THE SYSTEM IS READY

CORE DECISION

Validate organically at ₹0 first. Activate paid media only when the hero SKU, buying destination, tracking, approved claims, inventory and allowable CAC are ready.

1 PAID-MEDIA READINESS GATES

Business access: Meta Business Portfolio, ad account, Facebook Page, Instagram, named owners

Product: approved hero SKU, pack, price, stock and claims

Destination: working website checkout or WhatsApp ordering flow

Measurement: GA4 and UTMs, Meta Pixel and CAPI, plus an offline order log

Economics: contribution before ads and a maximum allowable CAC

Creative: approved Reels and images, copy, CTA and disclosures

2 ₹0 / 14-DAY VALIDATION

Publish the six approved concepts organically before spending

Track reach, retention and watch time, saves, profile visits, link taps, message starts

Use Stories to test product interest and preferred purchase route

Build draft campaigns in Ads Manager without publishing

Output: top two hooks and formats, audience language, friction points, pilot shortlist

3 PAID PILOT ARCHITECTURE

Job	Objective and role	Share
Discovery	Awareness; source-story Reel	30%
Consideration	Traffic or Engagement; education, reviews, WhatsApp	30%
Conversion	Sales; hero SKU plus proof and CTA	40%

4 AUDIENCE & TESTING LOGIC

Primary: adults 28 to 45 in the approved launch geography

Functional range: 24 to 38 with food, Ayurveda and wellness interests; avoid sensitive health targeting

Retargeting: engagers, video viewers, site and product viewers, cart users

Retail support: local radius only around confirmed stores and SKUs

Test one variable at a time: hook, story, format, CTA or audience

5 MEASUREMENT STACK

Meta Ads Manager → delivery, reach, engagement and media cost

GA4 and UTMs → view_item, add_to_cart, begin_checkout, purchase

Meta Pixel and Conversions API → optimisation and purchase signals

Website, WhatsApp and marketplace record → paid, cancelled, returned orders

SKU contribution sheet → whether acquisition creates value

Customer order history → repeat purchase and retention

6 PERFORMANCE SCORECARD

Stage	Primary KPI
Awareness	Qualified reach, video completion
Consideration	Landing-page views, qualified chats
Intent	Add-to-cart or order intent
Conversion	Orders, new customers, CPA
Economics	Contribution after ads
Retention	Repeat purchase rate

DECISION METRICS & REPORTING CADENCE

CTR = Link Clicks ÷ Impressions | CVR = Purchases ÷ Sessions | CAC = Media Spend ÷ New Customers | ROAS = Tracked Revenue ÷ Media Spend

North star: Contribution after ads = Revenue − Product − Tax − Fees − Fulfilment − Returns − Media • Cadence: daily tracking and stock, twice weekly creative and audience, weekly orders and CPA, monthly repeat purchase

SOURCE DISCIPLINE

Government and APEDA sources anchor official statistics; IMARC and CRISIL are labelled third-party estimates. Retail prices are point-in-time observations and move by seller, city and offer. Primary research (n=63 exploratory, n=22 targeted) is small and non-random, so it is directional, not nationally representative.

GOOD FOOD BRINGS PEOPLE TOGETHER.
